America is celebrating

250 Years.

Where will *you* celebrate?

While everyone else watches fireworks from the same lawn, my clients are *toasting in Lisbon, island-hopping in Greece, and sipping wine in Tuscany*. This is your year to travel like it means something.

EXPERIENCE 01

The Heritage Journey

Travel that connects you to something larger than yourself.

Some trips are about going somewhere. This one is about going back.

The Heritage Journey is for the traveler who feels the pull of history, who wants to walk cobblestone streets and understand what it cost to build them, who wants to eat the food of their ancestors, and hear stories that never made it into textbooks.

Whether it's tracing roots through West Africa, experiencing the architectural wonders of Portugal, or standing on the streets of New Orleans and feeling the resilience in every note of jazz, this trip does something a resort cannot.

It reminds you of who you are.

FROM RENEE

I plan Heritage Journeys for clients ready to feel something real. This is where travel becomes transformation.

EXPERIENCE 02

The Luxury Reset

Nothing is required of you but presence.

You have been giving. Producing. Showing up.

The Luxury Reset is your permission slip to stop. To be waited on. To wake up without an alarm and fall asleep to the sound of water.

This is overwater villas and private beach dinners. It's spa treatments that take two hours because there's nowhere to be. It's a glass of something beautiful in your hand as the sun sets and you remember: this is what you work for.

Pure indulgence. Unapologetically earned.

DESTINATIONS

Turks & Caicos · Maldives · Amalfi Coast · Napa Valley

FROM RENEE

I build Luxury Resets that feel like exhaling. You deserve to be taken care of.

EXPERIENCE 03

The Group Celebration

Travel that turns a moment into a memory.

Birthdays. Anniversaries. Girls' trips. Retirement.
The reunion you've been putting off.

The Group Celebration is for the milestone that deserves more than a dinner reservation. It's the trip everyone talks about for years because someone (you) had the vision to make it extraordinary.

I specialize in group travel that actually works. Rooms that match the vibe. Experiences that bring people together instead of apart. Logistics handled so you can be fully present for every moment.

Celebrate loud. Celebrate well. Celebrate together.

DESTINATIONS

Cancun · Barcelona · Tuscany ·
Santorini

FROM RENEE

Group travel is my specialty. I take the chaos out of coordinating and leave you with the magic.

EXPERIENCE 04

The Expat Exploration

What if you just... stayed?

You've been thinking about it. Living somewhere else. Slowing down. Paying less for more. Waking up in a place that actually feels alive.

The Expat Exploration is a scouting trip. You're not moving. You're just opening the door. Spending two weeks like a local, meeting expats who made the leap, asking real questions about healthcare and housing and whether the WiFi is fast enough.

Portugal is calling. Mexico is calling. Thailand is calling.

I'll take you on the trip that answers the question you've been afraid to ask yourself: what if a different life is actually possible?

FROM RENEE

I'm personally exploring expat life, and I take clients with me. This trip changes the way you see your options.

DESTINATIONS

Portugal · Mexico · Costa Rica ·
Thailand

EXPERIENCE 05

The Solo Reclamation

Travel that gives something back to you.

In 2017, two years after losing my husband, I booked a solo trip to Egypt.

I didn't know what I was doing. I just knew I needed to move. And when my guide looked at me on the first day and said "Welcome home," I felt something shift that I hadn't felt in years.

The Solo Reclamation is for the woman who has been through something, and is ready to come back to herself. This trip is yours. The itinerary, the pace, the decisions. Just you and a destination and what you're becoming.

You don't need a travel companion. You need a curator who understands that some of the most important journeys are taken alone.

FROM RENEE

This trip is the one closest to my heart. I know what it can give back. Let me build it for you.

DESTINATIONS

Egypt · Bali · Japan · Morocco
